Instructions on completing the Environmental Exempt Form

As part of HUD's requirements for receiving grant funding, an environmental review, subject to 24 CFR Part 58, must be performed for all HUD-assisted projects. However, certain activities are by their nature highly unlikely to have any direct impact on the environment, and as such are deemed "exempt" and not subject to most of the procedural requirements of environmental review.

As a program solely focused on assisting eligible applicants with planning, the projects funded by the Local Hazard Mitigation Plans Program (LHMPP) are exempt from performing environmental reviews. Instead, jurisdictions must provide a description of the project and a written determination of exemption.

For more detailed guidance on these requirements, please consult [24 CFR Part 58](#) and the Chapter 11 of the [Basically CDBG Handbook](#).

The form (on the subsequent pages of this document) is a suggested format to document completion of an Exempt environmental review. Please read the following instructions for completing the form.
